

It is the FCC's responsibility to maintain free and fair airwaves for the public broadcasting. Sinclair Broadcasting should not be allowed to use taxpayer money to show an hour long political advertisement for the republican party. Candidates have been paying thousands of dollars for mere 30-second advertisements. It would be illegal, according to the McCain-Feingold Act for Sinclair Bdcst. to give any candidate such a large endorsement.

Please uphold these important rules that protect our democracy. Sinclair broadcasting should not be allowed to sway the election in this misleading way. This is the terrible result of media consolidation.

Stop Sinclair Broadcasting or yank their liscence.

Sincerely, erin gansen luong
